CERTIFICATE OF INSPECTION.

No. 757.

State of

New York.

Department of Agriculture.

CERTIFICATE OF INSPECTION OF NURSERY STOCK.

This is to certify that the stock in the nursery of T. W. & J. P. Rice, of Geneva, County of Ontario, State of New York, was duly examined in compliance with the provisions of Chapter 519 of the Laws of 1902, and it was found to be apparently free in all respects from any contagious or infectious disease or diseases, or the San Jose Scale or other dangerously injurious insect pest or pests. This certificate expires June 1, 1904.

Dated Albany, N. Y., Sept. 1, 1903.

C. A. WIETING,
Commissioner of Agriculture.

 As an extra precaution we have erected a Fumigating House in which to treat all kinds of stock. Will do so if wanted.

Wholesale Price List.

FALL OF 1903.

SPRING OF 1904.

WE present herewith our Wholesale Catalogue or Price-List for the fall of 1903 which is intended for Nurserymen, dealers and those desiring to purchase in large quantities.

Our location being in one of the most fertile fruit-growing regions of the State of New York, gives us facilities for growing Fruit and Ornamental Trees equalled by few and excelled by none.

The soil is strong gravelly loam, with a heavy clay sub-soil, on elevated surface land and thoroughly under-drained, enabling us to grow strong, vigorous and hardy trees and plants.

SHIPPING.—The following railroads center in Geneva, making it a most desirable shipping point: The New York Central, the Lehigh Valley, the Fall Brook, Middlesex Valley and the Geneva & Lyons, besides having connection with the Northern Central by N. Y. C. via Canandaigua with the Pennsylvania system.

DIRECTIONS TO CUSTOMERS.—*Customers* at a distance ordering stock are requested to *order early* to enable goods to reach them at proper time. Also to be explicit of the mode of conveyance by which they wish their purchases sent. When no shipping instructions accompany the order, we will forward to our best judgment. When goods are delivered to the carriers our responsibility ceases, except through our mistake.

For losses occurring through detentions, the forwarders must be made responsible, and claims for the amount of damages should be made on them at once.

The varieties in the following list will be supplied to nurserymen and dealers at quoted prices. Twenty-five plants will be furnished at the hundred price and six at the dozen rate. We cannot, however, be expected to select one or two plants of a kind from a long list of varieties at wholesale price.

ORDERS—By mail should be plainly written on a separate sheet from the letter; the name of the party ordering should be written on them.

PACKING—Will be carefully done in boxes or bales, for which a charge will be made sufficient to cover the cost.

WINTER STORAGE FOR EARLY SPRING SHIPMENT.

We give our personal inspection to all the varied details of planting, budding and growing, etc., and are in a position to offer stock in all confidence of its being as represented.

All goods delivered Free of Cartage at the Depots, Boat or Express offices.

TERMS.—Bills for Fall shipments are due December 1; for Spring Shipments June 1; on Shipments sent at other times than our regular fall and spring shipping seasons, our terms are 60 days; except with parties who are unknown to us and unrated by the Mercantile Agencies, when remittances must precede shipments. All offers are subject to stock being unsold on receipt of orders.

GUARANTEE.—We use the greatest care possible to have stock true to name in all instances, and should any prove not true, we stand ready to replace it free of charge or to refund the purchase price, but do not hold ourselves liable to other damages than are herein named and all our sales are made with this understanding.
